ART AND A CAUSE

At the Paramus Elks, route 17 northbound in Paramus

A charitable event to benefit programs supported by West Bergen's Asperger's Auxiliary. Enjoy the fine work of local artisans, music by the *Fine Tuners Youth String Orchestra* and light refreshments at this evening reception.

All art work is for sale and most definitely for a good cause!!!

Asperger's Auxiliary of West Bergen Mental Healthcare

What is the Asperger's Auxiliary?

A group of people dedicated to utilizing their skills, time, and talent in support of the activities and mission of West Bergen's Asperger's Related Services. Our mission is to increase awareness and access to programs as well as create community involvement in supporting Asperger's Related Services. This is accomplished, in part, by raising funds that will help individuals in need of services. It also involves enriching programs by providing additional resources or components.

What are the goals of the Auxiliary?

There three main goals of the auxiliary. First, to develop, implement and support awareness programs. Second, to assist in identifying resources needed for services and programs conducted within Asperger's Related Services. Third, to raise funds and develop resources for the programs within the Asperger's Related Services. Objectives include: 1) offering programs that increase public awareness of topics related to Asperger's and the spectrum, 2) supplementing cost for low income families, 3) reducing specialty program costs for all involved, and 4) enriching programs by providing additional resources, components and materials.

Helping individuals and families navigate the maze of Asperger's, one life at a time
