

The Auxiliary is dedicated to promoting community awareness and providing services for those in need.

What is the Asperger's Related Services Auxiliary?

It is a group of people dedicated to utilizing their skill, time and talent in support of West Bergen's Asperger's Related Services. Our mission is to increase Aspergers Awareness, access to programs as well as creating community involvement in supporting related services. This is accomplished, in part, by raising funds to help individuals in need of services. The Auxiliary also hopes to enrich existing programs by providing additional resources.

What are the goals of the Auxiliary?

The Auxiliary strives to develop, implement and support Asperger's Awareness programs. It will assist in identifying resources needed for Asperger's related services and programs, and raise funds and develop resources for these programs. Objectives also include supplementing cost for low income families, lowering specialty program costs for all involved and providing additional resources to enrich programs.

How can I help?

- Participate in one of the fundraisers
- Attend monthly ongoing Asperger's Auxiliary meetings
- Promote awareness in your local community

If you would like to join the Auxiliary,
contact Chrissie at 201-444-3550 x7109 or clijoi@westbergen.org
